Keralit

No hoof, no hoof – hoof care with Keralit

Keralit Frog-Liquid:

- Liquid, well-adhering solution
- For care and prevention of thrush

Keralit Undercover:

- Care paste
- For shot horses under the iron
- In case of thrush (central and lateral thrush furrows) - wet weather
- Sole defects and horn decomposition in the corner braces

Keralit Hoof Strengthenener:

- Liquid texture
- Stabilizes and strengthens the horn
- During the transition to bare hoof

Keralit Laurel-Ointment:

- Natural ingredients in high-quality, water-soluble cosmetic base & 20% pure laurel oil
- Hoof growth gets improved
- Water balance stays undisturbed

Keralit Hoof-Elast:

- High-quality oils in water-soluble and moisture-binding formulation
- Can be ideally retracted
- Natural moisture is bound in the horn

Keralit Keralysin-Ointment:

- Gently removes scabs and crusts
- Particularly suitable for mud fever

Keralit Dermacure-Ointment:

- Useful supplement to Keralit Keralysin-Ointment
- High-quality, nourishing substances
- Rapid regeneration of irritated skin areas
- Prevents further cracking

Keralit Schimmelschwarz Horse Shampoo

- also suitable for dogs with light-colored coats
